

# Cambridge One

## Your new home for digital learning

# What is Cambridge One?

A new easy-to-use and flexible **learning environment** for English language learners and teachers. It offers intuitive, mobile-friendly navigation and clear data views.

# What's special about it?

## Mobile-friendly

It's mobile friendly and easily adapts to different screen sizes

## Easy access

It provides easy access to content with social sign-on and intuitive navigation

## Data you can trust

It uses meaningful, relevant and actionable data for deep insights and better results

# More than a platform

## Experience

Better

Learning

Informed by extensive market and user research, Cambridge One aims to establish itself as a home for digital learning rather than just a platform. We're moving away from the techy and delivery-focused language in favour of a more personal, trust-building vocabulary that will help us add a human factor to digital learning and position it as an enabler for Better Learning.

# What our customers say

‘This is actually so much easier than my current system (not Cambridge LMS)!’
