

1. Create an account at www.blinklearning.com

Click on the **Create account** button on the homepage. Insert a **Book Code** provided by **DELTA Publishing**.

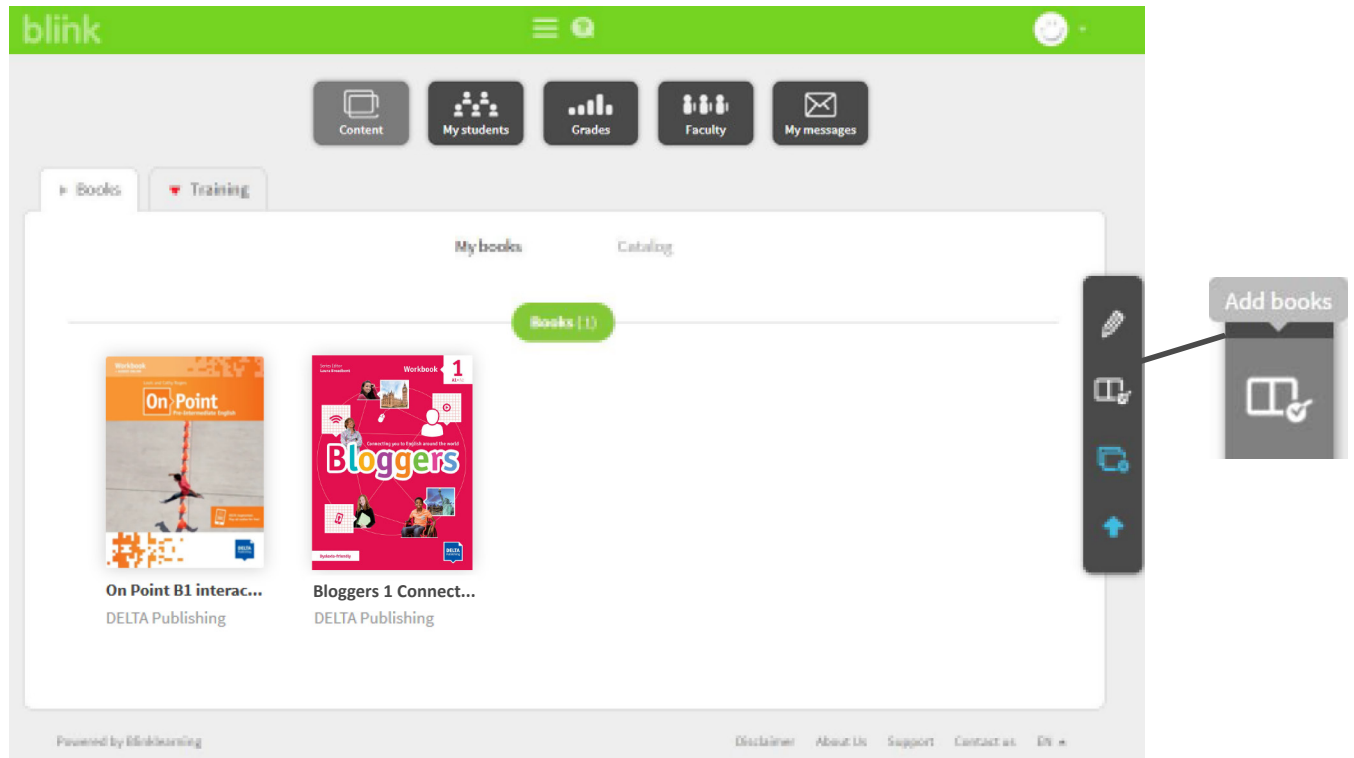

Carefully proof your email which will serve as your username.

Read and accept the data protection policy.

Click **Register**.

2. Add additional books

The **Book code** you entered to create your account will give you immediate access to that content. If you need to add additional books, select the **Content** tab. In the vertical toolbar, select **Add books**.

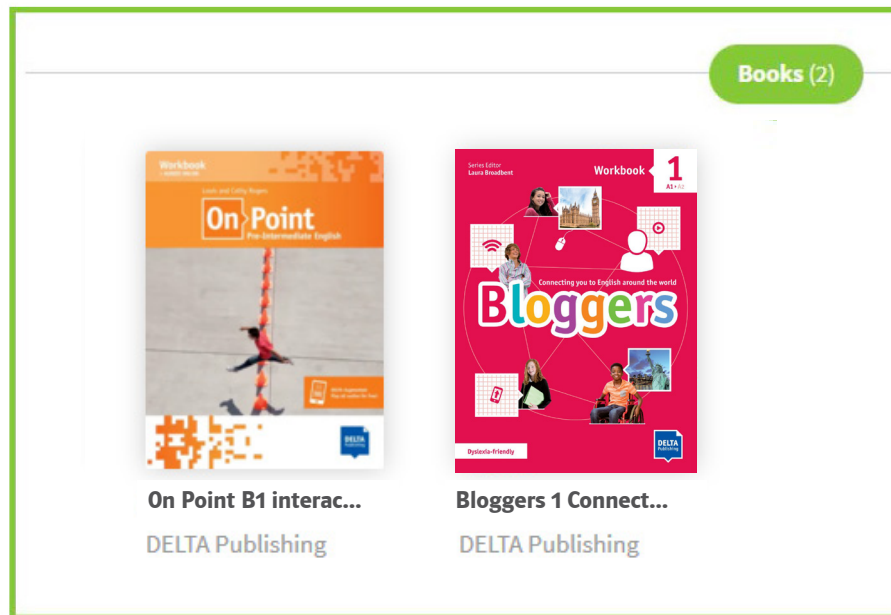

Enter an additional
Book Code provided
by **DELTA Publishing**.

 Add books ×

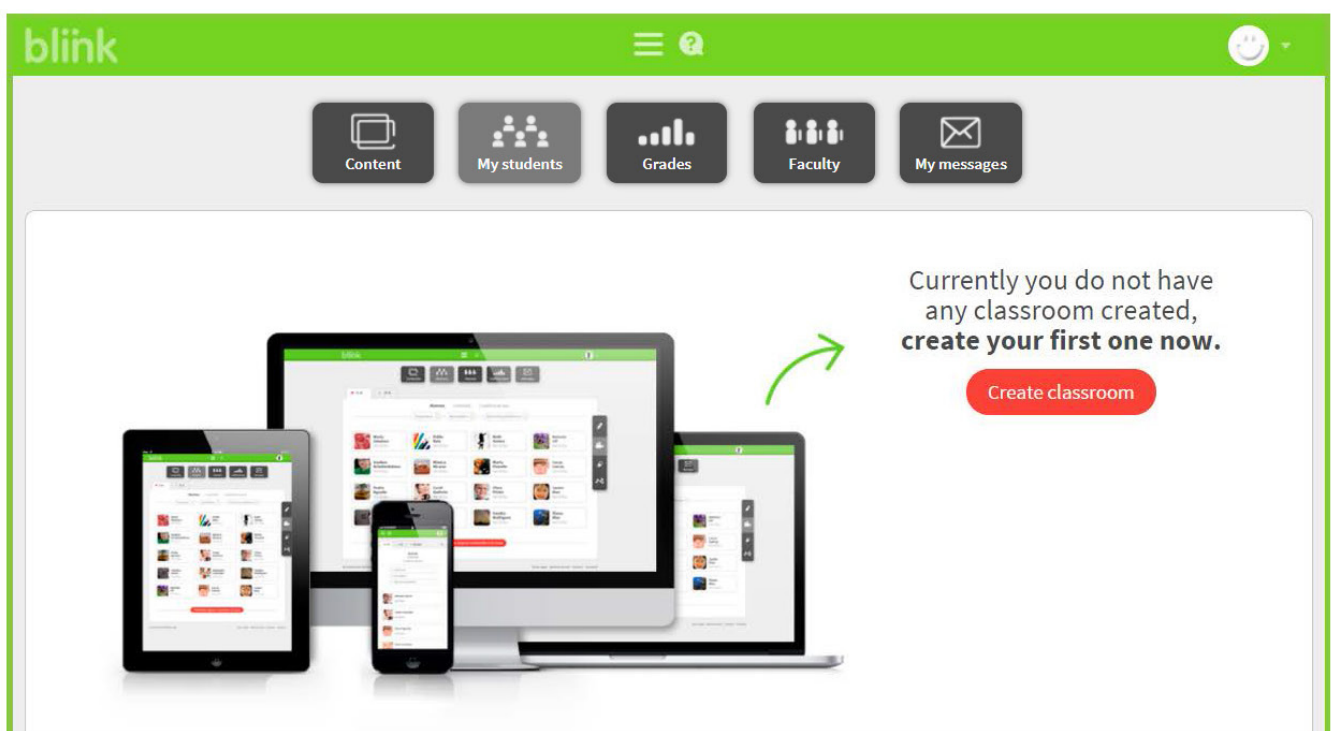

In order to see your content, you must activate a valid licence.

If you added both the textbook and workbook of your series, this is what you will see in your **Content**. Click on a book to view it.

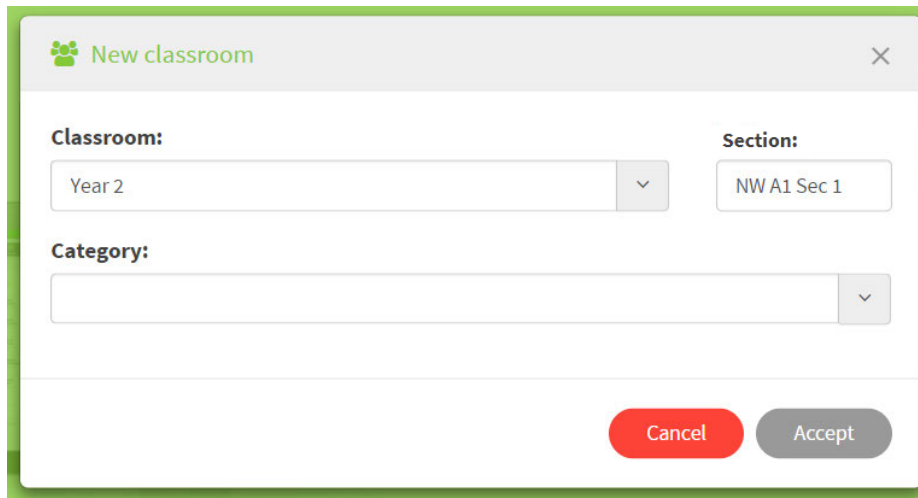

3. Setup a new classroom

Select the **My students** tab. Click on **Create classroom**. Select the option to **Generate code**.

Name your classroom. You may find the autopopulated dropdown menus helpful. The exact title of your classroom can be edited later.

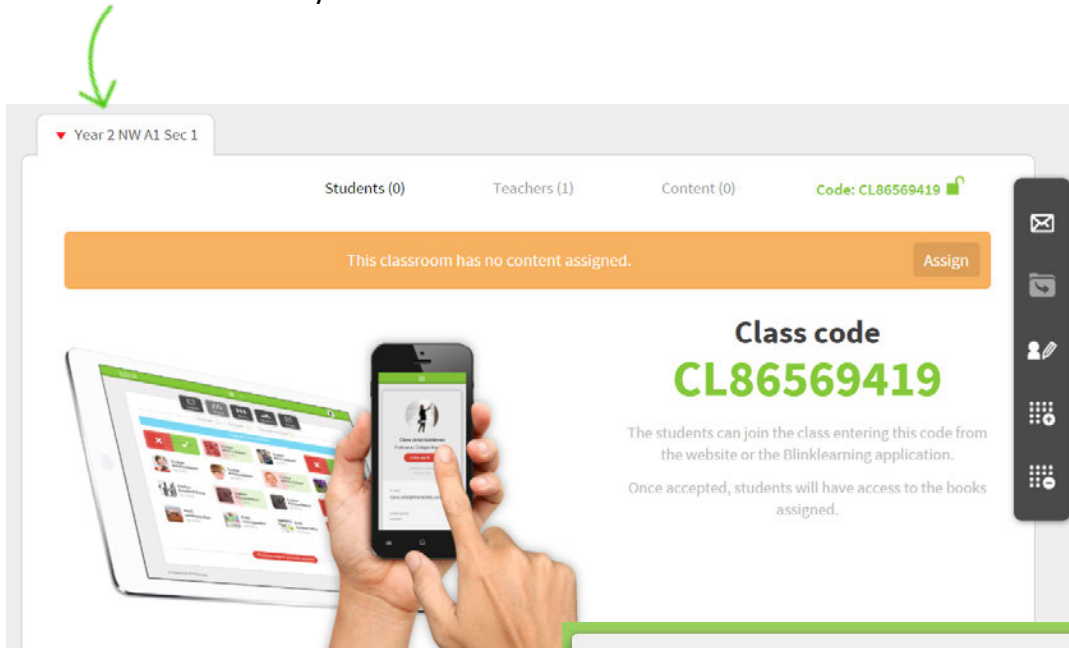

A form titled "New classroom" with a close button (X) in the top right. It contains three dropdown menus: "Classroom:" with "Year 2" selected, "Section:" with "NW A1 Sec 1" selected, and "Category:" which is empty. At the bottom right are two buttons: "Cancel" (red) and "Accept" (grey).

Under **Section**, enter your specific section information.

This is what your students will see.

Click **accept**.

This is the title of your new classroom.

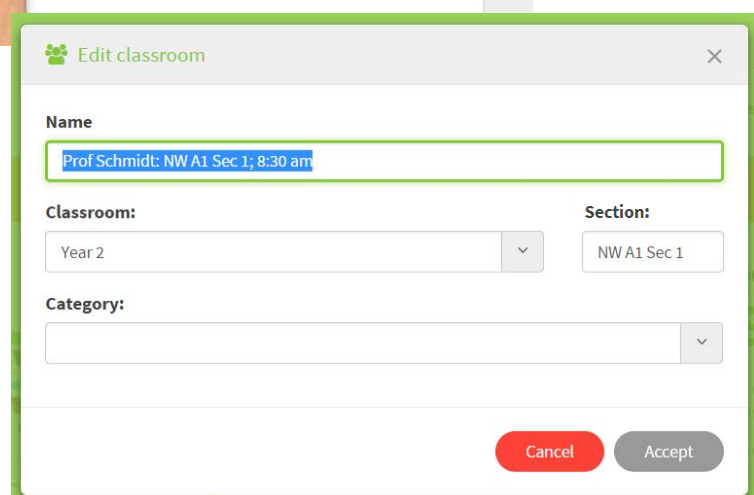

A screenshot of a classroom dashboard. At the top left, a tab is labeled "Year 2 NW A1 Sec 1". Below it, a header bar shows "Students (0)", "Teachers (1)", "Content (0)", and a "Code: CL86569419" with a lock icon. An orange banner states "This classroom has no content assigned." with an "Assign" button. The main area features a large "Class code CL86569419" and text explaining that students can join via website or app. Below this is an image of a hand holding a smartphone displaying the app. On the right, a vertical sidebar contains icons for email, chat, and a user icon. A callout box points to the user icon with the text "Edit classroom".

To edit the title, click **Edit classroom**.

Type a custom name for your course under **Name**.

You may ignore the autopopulated menus.

Click **Accept**.

A form titled "Edit classroom" with a close button (X) in the top right. It has a "Name" field with the text "Prof Schmidt: NW A1 Sec 1; 8:30 am" highlighted. Below it are the same "Classroom:" and "Section:" dropdown menus as in the first form, both with "Year 2" and "NW A1 Sec 1" respectively. The "Category:" dropdown is empty. At the bottom right are "Cancel" (red) and "Accept" (grey) buttons.

4. Assign content to your class

The students can join the class entering this code from the website or the Blinklearning application.

Once accepted, students will have access to the books assigned.

Before students enroll in your section, assign content to your classroom by clicking **Assign**.

Select the appropriate book from your available content.

 **Assign content to a class** ✕

If you want to change the content assigned to the class, delete it first by clicking on the button "Remove" on the My students screen.

Select the content that you wish to assign to this class.

- Netzwerk A1 interaktives Arbeitsbuch
- Textbook - Level 1 Portfolio Deutsch

Only assign the book(s) that your students will be required to use and will have licenses for.

Click **OK**.

5. Add students to your class

Distribute the **Class code** that was generated when you created your classroom to your students, similar to the example below. All **Class codes** begin with CL and are followed by 8 digits.

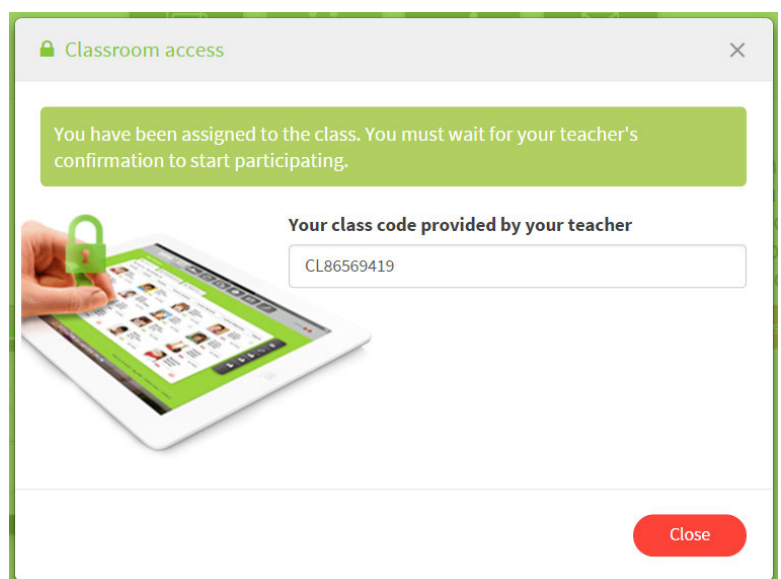

Your students should create their Blinklearning accounts using your unique **Class code**.

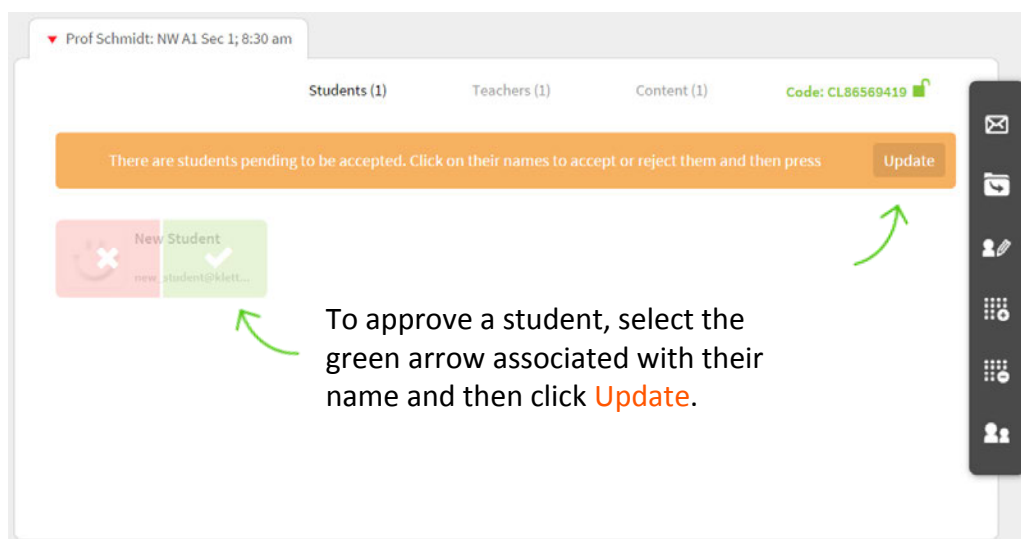

Once your students add the **Class code** that you gave them, they must await your approval.

Note: Upon approval, your students will be able to see a demo version (with some open chapters) of each book. To have full access, please ensure that each student purchases and activates a **Book Code** for each book that is assigned to the classroom.
