A great *Great! Quiz* for Christmas!

Christmas is the perfect time to have fun by playing games or doing quizzes in class – but why not take the opportunity to revise language at the same time?

Here's a quiz suitable for A1 and A2 learners, that you can do in your pre-Christmas online or face-to-face classes.

Variation 1:
Suitable for face-to-face and online classes: Play in 'Pub Quiz' style. Students play individually or in teams. In online classes members of a team can 'discuss' their answers by messaging each other using the chat function. Read out the questions one at a time, allowing students time to discuss and write down their answers. Award one point per correct answer. You can also award bonus points, e.g. for funny or original answers! Who gets the most points?

Variation 2:
Suitable for face-to-face classes: Students play in groups of four. Make one copy of the game and the questions for each group. Each player needs a figure (a paperclip, an earring, etc.), and a dice (or students can use a coin as a dice. Heads: Move forward one space. Tails: Move forward two spaces.) Players take turns to throw the dice, move their figure clockwise around the board, and answer the question with the corresponding number. The other players decide if the answer is correct. If the answer is incorrect or two players land on the same square, the first player must go back to the next free space. The winner is the first player to get back 'home'.
